

Suggested Discussion Topics – Physics Methods and V&V

- Adequacy of Methods
 - **Nuclear Data (next discussion)**
 - **Cross Section Library processing codes and methods**
 - **3D Modeling Codes**
 - **Static**
 - **Kinetic/Dynamic (Harmonics issues?)**
- Sharing data sets/codes
- Joint analysis of benchmarks/Coordinated compilation and assessment(OECD-NEA IRPhE participation)
- Joint planning of experiments
- Other items from group?
 - Joint workshops/training – university collaborations
 - Code user interfaces and automated aids
